

KICK-OFF-MEETING

Secretomics - a key to microenvironment

Wednesday, 11th May 2022

Zentrum für Synthetische Lebenswissenschaften, 22.07.U1.025

3:00 pm – 3:30 pm

Björn Stork, Daniel Nettersheim Kai Stühler

Welcome

Kai Stühler

Molecular Proteomics Laboratory (UKD)

Overview available methods @ MPL

3:30 – 4:00 Cancer and Microenvironment (Chair: Kai Stühler; 5 min per presentation)

Irene Esposito, Martin Schlenzog

Department of Pathology

Tom Lüdde, Mihael Vucur

Department of Gastroenterology

Marc Remke, Nan Qin

Department of Pediatric Oncology

Sanil Bhatia

Department of Pediatric Oncology

Daniel Nettersheim

Department of Urology

Björn Stork

Institute of Molecular Medicine I

4:00 – 4:25 Regeneration and Stem cells (Chair: Daniel Nettersheim (5 min per presentation)

Patrick Küry

Department of Neurology

Christina Schroeter, Christopher Nelke, Tobias Ruck

Department of Neurology

Jürgen Schrader, Jasmin Bahr

Institute for Molecular Cardiology

Roland Meisel

Department of Pediatric Oncology

Knud Esser

Department of Gynecology

4:25– 4:50 Vesicles, ECM and more (Chair: Björn Stork (5 min per presentation)

Stefan Lehr

German Diabetes Center

Mirco Castoldi

Department of Gastroenterology

Sören Twarock

Institute for Pharmacology

Carsten Berndt

Department of Neurology

Gunnar Klau

Algorithmic Bioinformatics

4:40 – 5:00 Final remarks and Come together

Please confirm participation!!! kai.stuehler@hhu.de
